

EMPLOYMENT OPPORTUNITY

OPPORTUNITY

STEINER THUESEN PLLC is seeking a project manager/landscape architect to augment our three-person firm. The position will be responsible for all aspects of project development including client contact, design, consultant management, cost estimating, and production supervision as well as performing construction administration. Candidates should be self-motivated and possess a positive and cooperative attitude with strong communication, organizational and design skills. This individual should be dedicated to quality work, be looking for an opportunity to grow individually and professionally, and be able to represent the firm with a high level of integrity and professionalism.

Position to be filled immediately requires a degree in Landscape Architecture from an accredited program and 2 - 5+ years of employment in a landscape architecture or similar firm. Candidate shall be a licensed landscape architect or actively pursuing licensure.

The candidate should be passionate about landscape architecture and demonstrate strong graphic, written and communication skills. The ability to operate MicroStation helpful but not required. Grading, drainage, irrigation design, and construction experience are preferred. Experience with In-Design and SketchUp are a plus. Proficiency in MS Office is required.

Compensation is regionally competitive and commensurate with experience. Benefits include matched retirement plan, profit sharing, paid holidays and vacation.

COMPANY OVERVIEW

STEINER THUESEN PLLC is a well-established regional firm offering a full range of services in golf course architecture, irrigation design and landscape architecture throughout Montana, Wyoming and Idaho for over 34 years. The firm serves clients in federal, state and local government and a diversity of clients within the private sector. We are located in Billings, Montana - Outside Magazine's Best Town of 2016.
